## **ACKNOWLEDGEMENT**

First, thanks to **Almighty Allah** for giving us strength and aptitude to comprehend, find out and complete this report.

We would like to express thanks our thesis supervisor **Dr. Nida Aman**. The door to Dr. Nida Aman's office was for eternity open whenever we had a trouble mark or had a intricacy about our research or script. She consistently allowable this paper to be our own work but steered us in the accurate path whenever she considers we needed it.

We would also like to thank the experts who were implicated in the corroboration survey for this research project. Without their zealous involvement and put in, the substantiation survey could not have been successfully demeanor. We are enthusiastically indebted to their very prized annotations on this project report. We unassumingly broaden our thanks to all concerned persons who co-operated with us in this regard.

Finally, we must express our very profound gratitude to our parents and our family for providing us with unfailing support and continuous encouragement throughout our years of study and through the process of researching and writing this research report. This accomplishment would not have been possible without them.

Mehreen Khan

Ayusha Masood

## **Executive Summary**

This study throw light on the recovery concerns of Zarai Taraqiati Bank Ltd (ZTBL). This study will make possible us to comprehend the issues with low recovery and the role of ZTBL Officials in recovery of these funds that are billed by credit department for pay to the agriculture sector of Pakistan. This research is designed to come up with recovery resolutions for ZTBL. The explore will examine the recovery gear adopted by the loan endow with industry in Pakistan. Also, we will optimize the loans and the bottom of the Income Statement (profit). More specifically to analyze the performance of organization behavior while recovery of loans. This will lead to picking out the most optimum methodologies and how to select an appropriate system for ZTBL. The aim is to better comprehend the environment of agriculture financing and recovery of loan in market, relationship strategies and pick out the best strategies for recovery of loans to ZTBL.
