Acknowledgements

Firstly, I would like to express my sincere gratitude to our supervisor Mr. Umar Chaudhry for the continuous support of our project, for his patience, motivation, and immense knowledge.

I would also like to thank my family ,especially my father, Irfan Nabi Khan and my mother Sabiha Irfan for supporting me spiritually throughout working on this project and my life in general.

Abstract :

Majority of businesses in tourism industry small or medium sized utilize social media as a primary source of marketing their services , this practice has developed the need to have a deeper insight on how effective is the social media for promoting tourism on both private business platform and on national/government level . Businesses need to understand the dynamics of social media marketing and how to best utilize this platform for best of their interests. Many countries of this modern age are using social media platform to promote tourism. This study will discuss about different factors of SMM (Social Media Marketing) which assist in spreading awareness of brands associated with tourism such as Airlines , Travel Agencies , Hotels and other facilities which are part of tourism.
