## **ABSTRACT**

The following project consists of information regarding the energy crisis Pakistan is facing and how that is impacting Textile Industry, particularly Nishat Mills. The project would further highlight the decisions government has taken so far to remedy the crisis situation.

## **ACKNOWLEDGEMENT**

We are thankful to Technical Manager Mr. Shahid Mehmood, supervisor Salamat Khan, senior supervisor Hashmat Ali and all the employees who helped us throughout our time in the organization. We thank you for your hospitality and support. Above all we are very thankful to our supervisor sir Muhammad Atif. Without your guidance and assistance we would not be possible for us to complete our project.

## **DEDICATION**

We dedicate this project to our parents whose love and prayers have been with us since we have borned. We love you and will become better as you want us to be.
