In the name of Allah the most Beneficent the most Merciful

"In the creation of heavens and the earth , and in the alteration of night and day ,are surely signs for man of understanding such as keep before their mind the law of Allah ,standing and sitting and reclining ,and reflect on the creation of the heaven and earth saying on Rubb # Thou has not created this in vain "

(Al-Quran Al-Karim 3:189)

DEDICATION

This project is dedicated to my parents, family and friends who supported me on every turn and save me through every difficulty.

ACKNOWLEDGEMENTS

All Praise to the Allah Almighty, the most Merciful, the most Gracious, without his help and blessing it was impossible to complete the Project.

This effort wouldn't have materialized into a reality without the guidance of so many people. I would like to pay thanks to my teachers for their valuable guidance and supervision.

Many words of thanks for the supervisor **Mrs. Farzana Khan**. She kept me encouraging all the time and provided guidance whenever it was required.

Finally I would like to pay my deep gratitude to my loving parents, sisters, brothers and good friends for their well wishes and encouragement at each and every node of my life.
