ACKNOWLEDGEMENT

In the name of ALLAH ALMIGHTY, we have selected the topic which will highlight the affects of taxes in recent years amongst middle class in Pakistan. We are very grateful and thankful to get our ordination and supervision done by our teacher SIR SHOAB WASEEM. Me along with my group member have gathered information from various sources and consulted some of the tax experts individuals.

ABSTRACT

The main purpose of this study is to know the importance of taxation affects in an economy, as well as to show the impact of changes in recent years in taxes on average income based individual in Pakistan. Also, we have shown the basic problems faced by an individual paying their taxes and the proportion of direct indirect taxes. Answers to these problem has been shown in design and implementation. Future action plan and reform for this issue has also been highlighted.
