ACKNOWLEDGEMENTS

We would like to thank everyone who had contributed to the successful completion of this project. We would like to express my gratitude to my project supervisor, Miss Fasiha Ikram for her invaluable advice, guidance and her enormous patience throughout the development of the research.

In addition, we would also like to express our gratitude to our loving parents and friends who have helped and given us encouragement.

WISDOM WINGS

ABSTRACT

"Wisdom Wings" is an AI-powered mentorship platform tailored to enhance the traditional career counseling experience for students and young professionals. Integrated with advanced technology, the application helps connect those needing mentorship with mentors. One important feature of "Wisdom Wings" is its matching system which provides parameters for mentor-mentee engagements, thereby boosting the number of successful pairings. The platform also provides recommendations for specific educational programs and courses, further assisting users to go through their studies and professional paths in the best possible manner and reach their abilities.
