Farah Naz

A research project submitted in partial fulfillment
of the requirement for the degree of MBA

Department of Management Sciences (GS)

Bahria Institute of Management and Computer
Sciences

Bahria University Islamabad
2012.

ABSTRACT

The beginning part of the report is perambulatory and starts off with an introduction to the companies. The main subject of the project was to study "financial Information System (FIS)" at WI-TRIBE and WATEEN. On the whole, management information system and its sub system finance information system (FIS) is a comprehensive topic, which includes development of information system to the implementation. Our main focus was on the role and importance of MIS and FIS with respect to different management prospective i.e. organizational decision making, planning and controlling.

In present era where information technology has been a revolution for market place and has greatly influenced the way of every field of life. Now Mobile Industry Relies Heavily On Innovations And Technological Changes In Order To Compete In A Competitive Environment.

Information system is an important factor in the progress of any organization and leads the employees to take the decision and it saves the time and cost of firm. Any record or information related to the office work can be easily found with the help of information system.

An institution FIS should be designed to achieved the following goals:

- Gathering data from the various sources, process, and forward concerned department.
- Develop the communication among individual and departments.

- Cut down expenses associated with labor-intensive manual activities.
- Support the organization's long term goals.

The research design used in this project is quantitative research design. The main methodology adopted for the research was interview and analysis was to get the questionnaires filled in by the employees.

The end part of the report is comprised of the findings and conclusion in addition to the recommendations for the companies. These suggestions are proposed keeping in view the shortcomings of the company, as perceived by the project team.

At last, there is a list of references along with appendices. The references include the relevant books that were consulted, plus the websites that were browsed for the project report.

Acknowledgement

We are extremely thankful to Allah Almighty. Further we are also thankful to our supervisor Mrs. FARAH NAZ. She was always there to provide us with the guidance and direction. This project is a synergic effort that has utilized the ideas and innovations of many minds. We dedicate this project to our class mates, friends and parents.

DECLARATION

We hereby declare that the project report titled
**"An analytical study of financial information system (FIS)
at WI-TRIBE and WATEEN"**

Is our original work carried out under the supervision and
direction of

Mrs.FARAH NAZ

and put forward in fractional completion of the
prerequisite for the
degree of

MBA

to

**Management Sciences Department Graduate Studies

1.2.2 WATEEN.	19-22
1.3 Existing financial information system (FIS) in WI-TRIBE and WATEEN.	22-36
1.4 Research Questions	36
1.5 Objective of Study.	36-37
1.6 Significance of Study.	37-38
1.7 Scope and limitation of Study.	38-39
CHAPTER 2: Literature Review	40-48
2.1 Decision support system (DSS).	46
2.2 Office automation system (OAS).	46
2.3 Management Reporting System (MRS).	47
2.4 Transaction Processing System (TPS).	47
CHAPTER 3: Research methodology.	49-52
3.1 Type of Study.	49
3.2 Respondent of Study.	49
3.3 Sampling Procedure.	49
3.4 Research Instrument.	50
3.5 Treatment of Data.	50

3.6 Statistical Tool. 51

CHAPTER 4: Data Analysis & Interpretation 53-75

4.1 Data Analysis & Interpretation 53-75

CHAPTER 5: Findings, conclusion and recommendations. .76-80

5.1 Findings. 76-78

5.2 Conclusion. 78-79

5.3 Recommendations. 79-81

APPENDICIES. 82-88

 ■ Reference 82-85

 ■ Questionnaire 86-88
