# Naval vice chief says time to focus on maritime sector

Vice Chief of Naval Staff Vice Admiral Kaleem Shaukat on Thursday stressed the need to prepare for emerging job markets in maritime sector while the country turns into a maritime hub.

KARACHI

APP

Addressing as chief guest at the concluding ceremony of a two-day International Workshop on the "Maritime Education & Research" organised by Bahria University at its Karachi campus, he highlighted the significance of maritime sector and importance of China-Pakistan Economic Corridor (CPEC) as a game change.

The conference was organised in collaboration with Higher Education Commission (HEC) Pakistan to lay emphasis on the educational and skill needs for employment in maritime related fields.

The conference attracted wide range of audience from national and international community including naval officers, academics, government representatives and business community.

The workshop continued for two days with the blend of speaker sessions and group discussions,

drawing recommendations in areas relevant to maritime education including potential job market, curriculum design, faculty development and requirements of labs and academic aids.

Scholars from China, Hong Kong and Turkey also expressed their view and shared international experiences in maritime education. CPEC Research Consultant at HEC Lt. General (r) Muhammad Asghar while addressing the opening ceremony of workshop the other day stressed the need of correctly visualising the future trends and adapting timely changes in education and skills to stay abreast and remain relevant.

He reflected on the approach of academia towards maritime education and therefore assured Bahria University of HEC's full support towards endeavours of enhancing Maritime Education in the country.

Bahria University Rector Vice Admiral (r) Muhammad Shafiq highlighted the increasing importance of maritime sector in the wake CPEC.

He emphasised the need of maritime education to benefit from this development, making people competent to fill the job requirements in emerging maritime domains.

# The Nation

Bahria University hosted a 2-day international workshop on the topic 'Maritime Education & Research' on 18th and 19th Jul 2018 at its Karachi Campus.

The conference was organised in collaboration with Pakistan Higher Education Commission (HEC) to lay emphasis on the educational and skill needs for employment in maritime related fields. The conference attracted a wide range of audience from national and international community including naval officers, academics, government representatives and business community.

Bahria University Rector Vice Admiral (r) Muhammad Shafiq, HI (M), while opening the ceremony, highlighted the increasing importance of maritime sector in the wake of China-Pakistan Economic Corridor (CPEC). He emphasized the need of maritime education to benefit from this development.

HEC Consultant (CPEC) Lt General (r) Muhammad Asghar, chief guest at the opening ceremony, stressed the need of correctly visualizing the future trends and adapting timely changes in education and skills to stay abreast and remain relevant. He reflected on the laggard approach of academia towards maritime education and therefore assured Bahria University of HEC's full support towards endeavors of enhancing Maritime Education in Pakistan.

The workshop continued for two days with the blend of speaker sessions and group discussions, drawing recommendations in areas relevant to maritime education including potential job market, curriculum design, faculty development and requirements

of labs and academic aids. Scholars from China, Hong Kong & Turkey also expressed their views and shared international experiences in maritime education and research.

Vice Chief of Naval Staff, Vice Admiral Kaleem Shaukat HI(M), present at the closing ceremony as chief guest, also highlighted the significance of maritime sector and importance of CPEC as a game changer. He stressed the need to prepare for emerging job markets in maritime sector, while Pakistan turns into a maritime hub.

Bahria University Karachi Campus Head of Humanities & Social Science Dr Bashir Ahmad shared the proceedings and recommendations of the workshop. The event concluded with the vote of thanks by Bahria University Karachi Director General Vice Admiral (r) Khawaja Ghazanfar Hussain HI (M), acknowledging the support from HEC and thanking all national and international participants for their valuable input.
